PRINCIPAL'S MESSAGE

The NSS family has achieved many glories this year. Our college has been working educationally as well as socially throughout the year. These merits and credits have seldom been known to public and the authority due to the lack of showcasing or projecting through a medium. All credits and thanks go to the dedicated staff and their team work. Signing of with a quotation "If you want to go fast, walk alone, If you want to go far, walk together".

I am happy that our college is bringing out a College Newsletter. The college Newsletter will definitely help to showcase the activities that are happening in the campus. It also helps in building up teamwork which is very much needed today in the world of competition. It provides a platform for exposing the merits and academic achievements of the faculty. This enhances the documentation culture of the institute. This would definitely create an impact in the minds of readers, by way of providing larger visibility and dimension to the campus.
