

Co-Curricular Activities >> NATURE CLUB ACTIVITIES

1. Nature Trail is organised every year by the EVS department of the college under the Nature Club activity. The object of this trip is to bring the students close to the environment and to create awareness among them about their responsibility to nurture and save their environment.

2. Best Out of Waste Competition

3. Eco- Friendly Rangoli Competition

4. Poster Making Competition on Save Earth and Environmental Pollution

5. Survey on awareness about solid waste Management :

In 2014-15, some of the students participated in survey which was done to find out awareness amongst the people about solid waste management and presented their findings and views in front of the other students of the class .

In 2016-17 students continued survey in nearby areas of the college about solid waste management awareness and tried to motivate them to participate in the activities related to waste management.

6. Awareness campaign about noise pollution:

In 2015-16, students performed same activity, with respect to awareness about noise pollution control and presented their conclusions in the classroom .
