NEW BEGINNINGS

-Helen Steiner Rice

How often we wish for another chance

to have a fresh beginning

A chance to blot out our mistakes

and change failure into winning.

It does not take a new year

to make a brand new start.

It only takes the deep desire

to try with all your heart.

To live a little better

and to always be forgiving.

To add a little sunshine

to the world in which we are living.

So, never give up in despair

and think that you are through.

For there's always a tomorrow

and a chance to start anew.

BEGINNING OF A NEW ERA

Ms Lorna D'Souza

Old generation has been always saying that the young are not what they were. The same observation is made from generation to generation and it is always true. It has never been truer than it is nowadays. The young are better cultured. They have a lot more money to spend and enjoy more liberty. They cultivate up more quickly and are not so reliant on their parents. They consider more for themselves and do not carelessly receive the principles of their elders. Events which the older generation recalls intensely are nothing more than historical history. This is as it should be. Every new generation is different from the one that headed it. Today the alteration is very marked definitely. The old always undertake that they know best for the simple motive that they have been around a bit longer. They don't like to sense that their values are being asked or threatened. And this is exactly what the young are doing. They are questioning the expectations of their elders and worrying their contentment. They take leave to distrust that the older generation has shaped the best of all possible worlds. What they reject more than anything is traditionalism.

INDUCTION PROGRAMME

Every Year the college organises an Induction Programme for the newly admitted F. Y. B. Com students. This programme is arranged to orient the students on the college rules and regulations, College faculty and staff, Examination System, Infrastructural facilities available to them, various activities organised by different committees in the college.

WDC INAUGURATION

On the occasion of WDC inauguration the college organized one ACT play by Dr. Veena Sanekar, from Marathi Department, K.J.Somaiya College of Arts, and Commerce. She performed a one act play on "Songati" by Mrs Vijaya Vaad. The play resisted tokenism and talk of the life of a poor women in the main dominated society. It brought forward the indomitable will of its protagonist as she underwent her struggle for survival and dignity. The audience was spell bound by the performance.

"A strong woman understands that the gifts such as logic, decisiveness, and strength are just as feminine as intuition and emotional connection. She values and uses all of her gifts."

Ultimately, leadership is not about glorious crowning acts. It's about keeping your team focused on a goal and motivated to do their best to achieve it, especially when the stakes are high and the consequences really matter. It is about laying the groundwork for others' success, and then standing back and letting them shine.

For my parents' generation, the idea was not that marriage was about some kind of idealized, romantic love; it was a partnership. It's about creating family; it's about creating offspring. Indian culture is essentially much more of a 'we' culture. It's a communal culture where you do what's best for the community - you procreate.-
